*Exclusive distributors of high quality  
products throughout Oceania*

**a partner Distributor of [44Tools.com](http://44Tools.com)**

## TABLE OF CONTENTS

---

At Oceania Distributing we have always strived to offer the greatest selection of window film installation tools and accessories available on the market. With this in mind, we are proud to launch our exclusive distribution partnership with 44tools.com for Australia and New Zealand. We have teamed up with 44tools.com who stock the most comprehensive group of window film tools, paint protection and vinyl installation tools in the world and we are pleased to offer this directly to you, our customer. Consider this catalog your one-stop-shop for all your tool needs! If you do not see what you need, please visit the website, [www.44Tools.com](http://www.44Tools.com) or call 1800 44 88 46 as this range of tools is always increasing.

Look out for our monthly tool specials via our email blast and take advantage of over 800 tools that we now have to offer. With benefits such as discounted tool pricing, the largest tool selection and fast delivery times, why not give us a try and find out why 44tools.com is the fastest growing tool provider in the industry.

Thank you for taking the time to check out our selection. With well over 100 years of combined industry experience, you can count on Oceania Distributing and 44Tools.com for all of your tool needs. We truly value your business and will make every effort to guarantee you'll find what you need.

Thanks again,  
Myles Hunter

## OLFA® STANDARD DUTY KNIVES

### OLFA® Standard Duty

#### Olfa Silver SVR-1 Knife

A1901  
Also known as the "Olfa Silver" the SVR-1 is an all stainless steel model. Features a slide lock and pocket clip/blade snapper.  
GUARANTEED FOREVER!

#### Olfa Silver SVR-2 Knife

A1903  
Professional cutter designed with an auto-locking blade slide, stainless steel handle, and a built-in safety blade snapper for rapid blade segment change. Accommodates both left & right handed users.  
GUARANTEED FOREVER!

#### Olfa Yellow A Knife

A1906  
The "A" cutter features the famous stainless steel blade channel for strength, a positive slide lock and molded handle. Steel pocket clip/blade snapper.

#### Olfa Pro Load 5 Blade Knife

A1906P  
Think of it as an Olfa A Knife with 4 more blades ready for rapid reloading. This knife comes with a carbon blade. Replace if using it on glass.

#### Olfa 300 Knife

A1908  
This knife allows you to fine tune how much blade is extended with a locking wheel.

#### Olfa SAC-1 Knife

A1912  
This knife, along with the 7 pt blade gives you a very precise cutting edge for special situations. It works great for paint protection.

#### Olfa XA-1 Knife

A1913  
This ergonomic design will provide precise cutting, control and comfort. You may never go back to a regular knife again.

#### Olfa 180 Multi-Purpose Cutter

A1918  
This multipurpose snap-off cutter is ideal for light-duty cutting jobs. Features a slide lock with a handle that is designed for control & comfort, a pocket clip, and built-in blade snapper.

#### Olfa HandSaver NA-1

A1920  
The OLFA NA-1 Cushion Grip HandSaver Cutter. This versatile snap-off cutter features an automatic blade lock and a heavy gauge stainless steel blade channel that firmly secures the blade.

## OLFA® STANDARD DUTY BLADES

#### Olfa Carbon 7 pt Blade

B120 (10 Blades)  
For use with Olfa SAC-1, #A1912 Knife. This 30 degree angle blade gives you a precise cutting edge. Ideal for paint protection film installation.

#### Olfa Stainless Blade 10 Pack

B129S10 (10 Blades)  
Stainless steel snap-off blades for use in moist environments (wallpapering, window films, etc.) where rust is concerned. 13 cutting edges per blade strip. Designed for superior sharpness and blade edge retention.

#### Olfa 9mm Stainless Blade 50 Pack

B129S (50 Blades)  
Stainless steel snap-off blades for use in moist environments where rust is a concern. 13 cutting edges per blade strip. Designed for superior sharpness and blade edge retention. This blade fits OLFA Standard-Duty Knives.

#### Olfa UltraMaxCarbon Steel Blade 10 Pack

B129C10 (10 Blades)  
Standard-duty, snap-off replacement blades (AB). 13 cutting edges per blade strip. 10 pack features 130 cutting edges. Designed for superior sharpness and blade edge retention.

#### Olfa UltraMaxCarbon Steel Blade 50 Pack

B129C (50 Blades)  
Standard-duty, snap-off replacement blades (AB). 13 cutting edges per blade strip. 50 pack features 650 cutting edges. Designed for superior sharpness and blade edge retention.

#### Olfa Carbon Blade 10 Pack

B129CB10 (10 Blades)  
The Olfa Carbon Standard-duty, snap-off blade is ideal for general crafts, cutting wallpaper, vinyl and paint protection applications etc. 13 cutting edges per blade strip. This 9mm blade fits OLFA Standard-Duty Knives.  
\* Reminder Carbon Blades can scratch glass.

#### Olfa Carbon Blade 50 Pack

B129CB (50 Blades)  
The Olfa Carbon Standard-duty, snap-off blade is ideal for general crafts, cutting wallpaper, vinyl and paint protection applications etc. 13 cutting edges per blade strip. This 9mm blade fits OLFA Standard-Duty Knives.  
\* Reminder Carbon Blades can scratch glass.

## OLFA® HEAVY DUTY KNIVES & BLADES

### OLFA® Heavy Duty

**Olfa Pro Load 6 Blade Cutter PL1**  
A1907

A revolutionary new cutter that easily meets the need for continuous blade change. This cutter accommodates up to 6 heavy-duty snap off blades and features an auto-lock blade slide for cutting support.

**Olfa LA-X**  
A1916

Features an anti-slip, cushion-grip handle engineered of fiberglass conjoined with elastomer for chemical resistance and easy cleaning. The snap-off cutter features automatic blade lock and a built-in hard metal pick for opening paint cans, removing switch plates etc.

**Olfa XL-2 Extra Length Cutter**  
A1917

Olfa XL-2 Extra Length Cutter is designed for applications calling for extra "reach." The blade channel offers an extra 6.25" of reach vs. standard OLFA channel lengths. Ideal for cutting gaskets out of windshields and other industrial applications. (Uses Heavy Duty Blades)

**Olfa L-1 Ratchet Lock Cutter**  
A1919

This heavy-duty cutter features a contoured handle, a ratchet wheel blade lock and a heavy gauge stainless steel blade channel that holds blade tight. For right and left handed use. Good For: cutting paper, cardboard, roofing, drywall, vinyl, acetates, etc.

**Olfa L-2 Ratchet Lock Cutter**  
A1919-2

This heavy-duty cutter features a contoured handle with an anti-slip rubber grip, a ratchet wheel blade lock and a heavy gauge stainless steel blade channel that holds blade tight. For right and left handed use. Good For: cutting paper, cardboard, roofing, drywall, vinyl, acetates, etc.

**Olfa Handsaver Soft Handle HD Cutter**  
A1921

HandSaver® handles provide premium comfort, and maximum performance. It features a ratchet wheel blade lock and a heavy gauge stainless steel blade channel that holds blade tight.

**Olfa Large Blade UltraMaxx Blades**  
B117 (50 Blades)

The Olfa Large Snap-Off Blades are non-stainless, heavy-duty, snap-off replacement blades. 8 cutting edges per blade strip.

**Olfa Large Snap-Off Blades**

B125 (10 Blades)  
B126 (50 Blades)  
B126S (50 Blades Stainless)  
Heavy-duty, snap-off replacement blades. 8 cutting edges per blade.

## OLFA® KNIVES

### OLFA® Extra Heavy Duty

**Olfa Xtra HD H-1 Knife**  
A1911

Rubber grip insert and ratchet wheel blade lock to prevent slipping. Uses #B124 blades.

**Olfa Ratchet Lock Xtra HD Cutter**  
A1915

Extra heavy-duty sure grip cutter features a ratchet wheel blade lock to prevent slipping. Perfect for cutting through difficult materials. Features heavy gauge stainless steel blade channel that holds blade tight. (Uses the B124 Extra Heavy Duty Blades).

**Olfa Extra Heavy Duty Blades**  
B124-5 (5 Blades)  
B124 (20 Blades)

Olfa Extra Heavy Duty Blades for the toughest jobs. 7 cutting edges per blade. Security film, leather, rubber, drywall and plywood won't stand a chance with these blades and the A1911 or A1915 knives.

**Olfa Blade Disposer Pocket DC-3**  
A1910P

Small pocket sized blade disposer. This will fit nicely into any apron or pants pocket and is disposable when full. Holds all blade sizes.

**Olfa Blade Disposer DC-4**  
A1910R

Conveniently sized blade disposer that holds all sizes of knife blades. The blades can be emptied and the disposer re-used.

### Olfa Scissors

Some of the sharpest scissors you will ever own. Great for cutting round the edges or thick films. The serrated blades detailed here provide cutting accuracy on a variety of materials.

**7" Olfa Scissors**  
A2907

**5" Olfa Scissors**  
A2905

#### NOTE

Even stainless blades can scratch glass if used improperly. Carbon blades are not recommended for use on glass.

## OLFA® ROTARY CUTTERS & BLADES

**Olfa 45mm Ergonomic Rotary Cutter**  
OS-RTY-2/DX

A rolling razor blade sharp enough to cut through more than 6 layers of fabric, making quick work of your strip, block, and pattern cutting. Comfortable ergonomic handle reduces hand and wrist fatigue, and dual-action safety lock allows the blade to lock open for comfort and closed for safety. For right- and left-handers.

**Olfa RB 45 Rotary Cutter Blades (5 pk)**  
B109

Replacement blade for Olfa's 45mm Rotary Cutter OS-RTY-2X

**Olfa RB 60 Rotary Cutter Blades (5 pk)**  
B110

Replacement blade for Olfa's 60mm Rotary Cutter OS-RTY-3/DX

**Olfa 60mm Ergonomic Rotary Cutter**  
OS-RTY-3/DX

60mm Deluxe Rotary Cutter features a new ergonomic design providing a comfortable and positive grip. Simply squeeze the handle to engage the blade. Dual-action safety lock allows the user to lock the blade open for comfort and closed for safety. Can be used for industrial applications. Designed for both right- and left-handed use.

**Olfa Green Self Healing Rotary Mat**  
OS-RM-MG (24x36)

Designed for crafters, Olfa's Self-Healing Rotary Mats are 1.5mm thick, double-sided, triple layer mats with a dark green base color and yellow grid lines on one side for detailed cutting and solid green on the reverse for general cutting. Use only Rotary Cutters. Knives with a fixed blade may damage mat.

**OS-HD-MG (24x36 Heavy Duty Cutting Mat)**  
This Heavy Duty mat is 3.0 mm thick and is for use with either rotary or fixed blade knives.

**Olfa 45mm Rotary Cutter**  
OS-RTY-2X

The cutter is a rolling razor blade used to cut materials into shapes, strips and pieces. Sharp and durable blade. For right & left-handed use.

## OLFA® SAFETY KNIVES

### OLFA SAFETY CUTTERS

Olfa's line of safety cutters and knives are designed with the end user in mind. With auto-retracting mechanisms and quick & easy blade replacement, the OLFA SAFETY CUTTERS will allow you to open boxes much more safely. Cut packaging and shrink wrap with ease. OLFA SAFETY CUTTERS are designed for high traffic / high speed shipping, receiving, mail rooms and assembly lines. Protect against accidents in the workplace.

**Olfa Self Retracting Safety Knife**

OS-sk-4

The SK-4 has an ergonomic handle that is slip resistant. With a spring activation feature that self retracts when the blade loses contact with the cutting surface... Great for left or right handed users and cuts to a uniform depth of 0.75"; 19mm. Uses the OS-SKB-2, OS-RSKB-2/10B, OS-RSKB-2/50B, and OS-HOB-2/5 replacement blades.

**Olfa Compact Self Retracting Knife**  
OS-SK-7

The SK-7 has a low profile blade slide that reduces the amount of blade exposure when carrying in a pocket. Cuts to a depth of 0.43"; 11mm. Uses the SKB-7 replacement blades.

**Olfa Automatic Self Retracting Knife**  
OS-SK-8

The SK-8 is a heavy duty cutter with a spring blade the produces an audible click when it comes into contact with the material being cut. This ensures the blade automatically retracts the instant it loses contact with the material being cut. Cuts to a depth of 0.59"; 15mm. Uses the SKB-8 replacement blades.

**Olfa Flex Guard Safety Knife**

OS-SK-6

The SK-6 With an automatic protection system that engages the moment the blade loses contact with the cutting surface. The built in safety protection is activated as soon as you start cutting and cannot be overridden. The Rounded Safety Tip Blades help further reduce the possibility of injury to yourself or the products inside the box. The SK-6 is great for left-handed or right-handed users and cuts to a depth of 0.39"; 10mm. Uses the OS-RSKB-2/10B and OS-RSKB-2/50B replacement blades.

**Olfa Self Retracting Knife & Tape Slitter**  
OS-SK-9

The SK-9 features a comfortable handle with a gently curved blade slide. A finger groove on the back of the knife helps secure your grip when cutting. The SK-9 cuts to a depth of 0.75"; 19mm. Uses the SKB-2, RSKB and HOB replacement blades.

## OLFA® SAFETY CUTTERS & BLADES

### Olfa SK-10 Shrink Wrap Cutter OS-SK-10

Cuts shrink wrap, plastic strapping, stretch wrap and more. Uses the SKB-10/10B replacement blades.

### Olfa OLO Carton Cutter OS-OLO

OLO is designed with safety in mind. This is the Safety Carton Opener, which is an ergonomic and effective box cutter that shields its own blade for safety.

### Olfa Safety Knife Blades

OS-SKB-2/5B (5 pk)  
OS-SKB-2/10B (10 pk)  
OS-SKB-2/50B (50 pk)

Great multi-purpose blade that provides double sides for cutting. Fits OS-SK-4 and OS-SK-9.

### Olfa Safety Knife Blades for SK-7

OS-SKB-7 (10 pk)

The Olfa Safety Knife blade SK-7 is designed for use in the SK-7 Knife.

### Olfa Rounded Tip Safety Blades

OS-RSKB-2/10B (10pk)

OS-RSKB-2/50B (50pk)

The Olfa Rounded Tip Safety Blade helps reduce the chance of cuts and other injuries with a unique rounded tip. Fits OS-SK-4, OS-SK-6, & OS-SK-9.

### Olfa Safety Hook Blades for SK-4

OS-HOB-2/5 (5PK)

The Olfa Safety Hook Blades help protect your cutting surfaces while also reducing the chance of injuries. The hook blades are great for cutting shrink wrap, nylon straps and more. Fits OS-SK-4 & OS-SK-9.

### Olfa Safety Knife Blades for SK-8

OS-SKB-8/10B (10 pk)

The Olfa Safety Knife blade SK-8 is designed for use in the SK-8 Knife.

### Olfa SK-10 Blade 10 Pack

OS-SKB-10/10B (10pk)

The OS-SK-10 Utilizes the SKB-10/10B Pro Heavy-Duty Utility Blades.

## POINT OF PURCHASE SALES ITEMS

Simply by offering several unique add on products at the "Point Of Purchase" you can significantly add to your bottom line. Offer your customers the opportunity to purchase Olfa products, Plexus polish, Aquapel or Performax glass cleaner.

### Olfa Touch Knives

OS-TK-4N (Navy Blue)

OS-TK-4Y (Yellow)

OS-TK-4R (Red)

OS-TK-4O (Olive)

Touch-Knives are a pocket-sized, multi-purpose knife, featuring a stainless steel slide lock blade & a "hanging hole" to easily slide onto your key chain.

### Olfa Touch Knife Display (60 Knives)

OS-TK-4/60

Olfa Touch-Knife 60 Unit Display pre-loaded with 15 of each color (red, navy, olive, yellow). Touch-Knives are a must for every store or shop owner who is seeking easy "add-on" point of purchase sales.

### Performax Glass Cleaner

M2748 (19 ounce)

Ammonia-free foaming glass cleaner for shop or retail use. Safe for all window films.

See pg 48 for more info

### Plexus Polish

M2740 (7 ounce)

M2741 (13 ounce)

Anti-static plastic polish. Safe for all window films. Leaves behind a protective sheen on any plastic surface.

### Olfa Cutter Buckets

A1904 (40 SPC-1 Economy Cutters)

A1918-BKT (36 Olfa 180 Multi-Purpose Cutters)

Value-priced cutters for home and office. Place by your register for an easy "add-on" point of sale purchase.

### Aquapel Single Application

98994R

Perfect for selling Aquapel to the do-it-yourselfer.

See more  
Aquapel  
details on  
page 27

## NT® KNIVES & BLADES

**NT A-500RP Knife**  
A1895

5 blade cartridge knife made affordable by using plastic handle. A great time saver for flat glass and automotive use. Comes with blade snapper. Colors may vary.

**NT L-500GR Knife**  
A1896

Aluminum diecast grip. Sturdy diecast slide. Uses B125 & B126 Heavy-Duty blades.

**NT A-1000RP Knife**  
A1897

The world's first, and NT's original. Fast 5 blade system for the professional who changes blades frequently. Comes with blade snapper.

**NT A-551P Knife**  
A1898

Affordable cartridge model holds 5 blades for faster changes.

**American Line Smartedge Stainless Knife**  
A1894

The American Line Pro Smartedge® stainless steel snap-off knife. This knife is suitable for right or left handed cutting.

**NT PRO A-1P Knife**  
A1899

The Red Dot. The choice of professionals everywhere. Left or right handed use. Equipped with Auto-Locking blade slide.

**NT A-300GR Knife**  
A1900

A quality inexpensive knife. Stainless channel with metal surround for comfort.

**Super Cutter**  
A1902

Inexpensive knife for those who tend to lose their tools.

**NT 30 Degree Blades**  
B121 (10 Blades)

30 degree blade angle for special cutting situations. Great for paint protection film installation.

**NT Heavy Duty Stainless Blades**  
B129N (50 Blades)

Very nice stainless steel snap-off blades. One of the sharpest edges available.

## ART KNIVES & BLADES

**Art Knife Blades (25)**  
B257 (Use with A1905)  
General purpose blade.

**Olfa Art Knife Blades KB4-S (5)**  
B127 (Use with A1905)

Precision replacement blades (#11) for the precision art knife (AK-4). Ideal for use in a multitude of applications where accurate cuts are required. (5 blades per pack)

**#11 Hobby Knife Blades**  
B127B (Knife Blades 100 pk)

Light Duty Art Knife. Great for both professionals & amateurs alike. Useful for Paint Protection Film installations, weeding vinyl, art work and hobby or craft projects.

### NOTE

Even stainless blades can scratch glass if used improperly. Carbon blades are not recommended for use on glass.

## INSTALLATION TOOLS - 4" TEFLON CARDS

**4" Platinum Teflon Card**  
A2300TP  
Recommended for those who find the white teflon to be too soft.

**4" Purple Teflon Card**  
A2300TM  
New teflon mix allows the perfect mix of stiffness and flexibility.

**4" White Teflon Card**  
A2300TW  
An industry standard! This card is our most popular hard card.

**4" Gold Teflon Card**  
A2300TG  
This card provides more friction on film for better gripping during the heat forming process and terrific water extraction during squeegeeing.

**4" Black Teflon Card**  
A2300TBK  
This card provides great flexibility for more curved glass surfaces.

**4" Blue Teflon Card**  
A2300TB  
Recommended for paint protection installations. Much more flexible than our other hard cards.

## INSTALLATION TOOLS - AP1 TEFLON CARDS

**AP1 Round Corner Silver Hard Card**  
A2350TS  
Very stiff on our flexibility scale, fantastic for water extraction during squeegeeing or bumping film dry on flat glass surfaces. The AP1 have a texture that is slightly easier to grip with wet, soapy hands.

**AP1 Round Corner Red Hard Card**  
A2350TR  
This RED Teflon Hard Card is not quite as stiff as the Silver Teflon.

**AP1 Round Corner White Hard Card**  
A2350TW  
The Rounded Corner White Teflon Hard Card is probably the most popular hard card in the industry. This card is just slightly stiffer than the Gold Teflon Card.

**AP1 Round Corner Gold Hard Card**  
A2350TG  
Popular for use during the heat forming process. Considered to be "medium" in stiffness on our flexibility scale.

**AP1 Round Corner Pink Hard Card**  
A2350TPK  
This new card is a "medium" on our flexibility scale, which makes it fantastic for water extraction during squeegeeing dry on curved glass surfaces.

**AP1 Round Corner Yellow Hard Card**  
A2350TY  
This new card is a "medium" on our flexibility scale, which makes it fantastic for water extraction during squeegeeing dry on curved glass surfaces.

**AP1 Round Corner Black Hard Card**  
A2350TBK  
Second to the White hard card in popularity. Providing a little more flexibility than the WHITE or GOLD, but it is stiffer than the BLUE.

**AP1 Round Corner Blue Hard Card**  
A2350TB  
This extremely flexible card is ideal for laying down the Dot-Matrix area. Allows user to gently purge the glue out. Also popular for Paint Protection.

## INSTALLATION TOOLS - AP1 TEFLON CARDS

**AP1 Square Corner Silver Hard Card**  
A2350STS  
This card is very stiff on our flexibility scale, fantastic for water extraction during squeegeeing or bumping film dry on flat glass surfaces.

**AP1 Square Corner Red Hard Card**  
A2350STR  
This RED Teflon Hard Card is not quite as stiff as the Silver Teflon.

**AP1 Square Corner White Hard Card**  
A2350STW  
The Square Corner White Teflon Hard Card is just slightly stiffer than the Gold Teflon Card.

**AP1 Square Corner Gold Hard Card**  
A2350STG  
Popular for use during the heat forming process. Considered "medium" in stiffness on our flexibility scale, makes it fantastic for water extraction.

**AP1 Square Corner Pink Hard Card**  
A2350STPK  
This new card is a "medium" on our flexibility scale, which makes it fantastic for water extraction during squeegeeing dry on curved glass surfaces.

**AP1 Square Corner Yellow Hard Card**  
A2350STY  
This new card is a "medium" on our flexibility scale, which makes it fantastic for water extraction during squeegeeing dry on curved glass surfaces.

**AP1 Square Corner Black Hard Card**  
A2350STBK  
Second to the White hard card in popularity. Providing a little more flexibility than the WHITE or GOLD, but it is stiffer than the BLUE.

**AP1 Square Corner Blue Hard Card**  
A2350STB  
This extremely flexible card is ideal for laying down the Dot-Matrix area. Allows user to gently purge the glue out. Also popular for Paint Protection film.

## INSTALLATION TOOLS - TEFLON CARDS

**6" White Teflon Card**  
A2300TW-6

**6" Black Teflon Card**  
A2300TBK-6

**6" Yellow Teflon Card**  
A2300TBY-6

**Lil' Chizler**  
A2302

**The Chizler**  
A2302L (Hard - White)  
A2302P (Medium - Pink)  
A2302Y (Soft - Yellow)  
Slightly bigger than the Lil' Chizler these are available in three Durometer.

**EZ Reach Corner Tools**  
You need these corner reach tools! This slender profile is designed for deep reach ease and quality installations.

**6.5" Gold EZ Reach**  
A205

**6.5" Platinum EZ Reach**  
A214

**Gator Blades**  
Gator Blades are much less likely to cut expensive upholstery, scratch the soft surface of auto glass or make you bleed. They are a fantastic replacement for the hazardous metallic razor blades used by Tinters and Detailers. Try them out anywhere you would normally use a Chizler or a Plastic Blade...

**Gator Blade I**  
A221

**Gator Blade II**  
A222

## INSTALLATION TOOLS - BONDO CARDS

4" Gold Bondo  
A2300G

4" Blue Bondo  
A2300B

4" Lidco Gray Bondo  
A2300GR  
6" Lidco Gray Bondo  
A2300GR6

4" Lidco Orange Bondo  
A2300Y (Radius Corners)  
A2300YS (Square Corners)

4" White Bondo  
A2300W

4" Lidco EZ Grip  
A2304EZ

6" Lidco EZ Grip  
A2306EZ

Save the fatigue on your hands. This tool gives you something more substantial to grab onto. Works with any bondo card, just slide it on.

5" Magic Master Bondo  
A2305

4" Lidco Felt Edge Bondo  
A2300F

6" Lidco Felt Edge Bondo  
A2300F6

Great for paint protection installation. Felt edge will not scratch the film during installation.

4" Bondo Felt Sleeve  
A2300S

6" Bondo Felt Sleeve  
A2300S6

Great for paint protection installation. Felt sleeve slides right over your existing bondo cards.

## INSTALLATION TOOLS - MISC ACCESSORIES

### 5-WAY TOOLS

Great as a trim guide or wrap it in a paper towel to use it as a "bump tool" to get water out. (10" Wide edge)

Black 5-Way Tool  
A1802 (Hardest Of The Three)

White 5-Way Tool  
A2400 (Thinnest)

Grey 5-Way Tool  
A1801 (Thickest, But Most Flexible)

The Edge  
A2400E (10" wide edge)  
Gasket tool for tinters on a budget. Handheld tool allows you to pull back gaskets for easier film installation.

12" White with Black Rubber Edge  
A2306L

6" White with Black Rubber Edge  
A2306

Equalizer Handle  
A1401

Designed to allow extra leverage and to save your hands from getting as tired when using the Equalizer Push Stick (A2303E). The Equalizer Handle will not work with other brands of push sticks.

Equalizer Push Stick a.k.a. "The Bone"  
A2303E

A great tool to help you push the gaskets down so you can get the film tucked behind the gaskets.

Push Stick  
A2303 (8" Long)

A cheap and easy to use tool, designed to help you get film tucked in behind the gaskets on auto doors.

Hook Pulling Tool  
A2304

Essential tool for pulling rubber gaskets back into place on vehicle doors.

Hard Card Sharpening Tool  
A2805

Use the Hard Card Sharpening Tool to clean the rough edges and nicks that your hard cards develop over time. The Hard Card Sharpening Tool will give your hard cards a longer life.

## INSTALLATION TOOLS

### Conquistador

A202 (6.5" rubber edge)  
The Conquistador will allow you to throw away your Conquerors! Great technology gives us this superior Conquistador. New stiffer body and featured in a high visibility color so you won't leave your favorite tool in a car. 6.5" rubber edge is molded to the body (not glued) and will not peel away. A true must have for any tinter.

### Titan Tool

A220 (14.75" overall blade length)  
The Titan Tool provides you a longer stiffer version of the Conquistador. With a blade length of 14 3/4 inches overall the Titan Tool allows you to get into those hard to reach back decks. With increased strength at the tip of the the tool you can push out more water than ever with the Titan Tool. The uniquely designed handles allows you to easily lift inner and upper door seals. Try the Titan Tool today, we know you're going to love it.

### Shuttle

A2308Y (10" overall length)  
A great tool to get behind tight window gaskets or those pesky third break lights. With just the right length at 10" overall and a decent amount of flex this tool works so well you will think it was designed by the folks at NASA.

### 9.5" Red Devil

A2307 (9.5" overall length)  
A very thin so it will help you to get behind those real tight third brake lights when nothing else will.

### Red Devil Smoother

A2403 (8.5" wide edge)

### Yellow Tail Fin

A203 (11.5" wide edge)  
The Yellow Tail Fin is great tool for getting behind hard to reach 3rd brake lights. Negative curve to keep constant pressure on the film and is harder than the Green Tail Fin.

### Green Tail Fin

(Softer Than the Yellow)  
A209 (11.5" wide edge)  
The Green Tail Fin is designed to help with problematic third brake lights and other tight spots. The Green Tail Fin is softer than the yellow & is also great for paint protection installs.

## INSTALLATION TOOLS - FEET

### Little Foot

Big foot's baby brother. These 6" pointed cards come in three great flavors to satisfy your tinting appetite.

### Blue Little Foot

A2405B (Most Flexible of the Three)

### Red Little Foot

A2405R (Medium Flexibility)

### Black Little Foot

A2405BK (Stiffest of the Three)

### Smart Cardz

Smart cardz are a contemporary version of the traditional hard card...But better, because they are 25% wider and have a comfortable grip and thin edge. These are the new & improved teflon hard cards.

### Smart Card Platinum

A2315

### Smart Card Platinum with Felt Edge

A2315F

The Platinum Smart Card with felt is a great choice for installing graphics, wraps, decals and paint protection film.

### Quick Foot

A212 (Yellow)  
A212W (White)  
A212BL (Blue)  
A212BK (Black)

9.5" overall length for those hard-to-reach installations. The Quick Foot is economical and will help you reach those difficult spots that drive you crazy.

### Big Foot

A2404

15" overall length for those hard-to-reach back window installations. Soft rubber handle provides non-slip grip.

### Slim Foot

A2401

15" Big Foot's thinner, stiffer cousin. Narrower design at the neck to fit in tight spots.

## INSTALLATION TOOLS

### Spehar Squeegee Family

Malleable polyurethane squeegee for a truly custom tool. With a heat gun you can easily shape the squeegee material to create the perfect tool for your needs.

A2512 (12" Clear Squeegee)

A2506 (6" Clear Squeegee)

A2504 (4" Smoke Squeegee)

A2503 (3" Clear Squeegee)

### Whale Tail Complete with Handle

A2406  
10" Blade

### White Knight

A2310 (6" wide edge)  
One of the stiffest hard cards available. Narrow handle fits in your hand while allowing you to reach into corners.

## INSTALLATION TOOLS

### Spatula

A223 (12" reach)  
The "Spatula" has a 3" wide blade with a reach 12" for those tough rear window installs. Made of a chemical resistant, flexible and virtually unbreakable nylon material.

### Mother Tucker

A2303MT (12" overall length)  
The "Mother Tucker" is a great new tucking tool with a 6" handle and a 6" x 1 3/4" usable blade. This tool is great for tucking film behind door gaskets, or for getting into those tight fitting, long reach areas.

### Chisel

A2303CH (6.5" overall length)  
This new tool has a wide installation tip for reaching behind gaskets while keeping your hands out of the way. The "Chisel" is 6 1/2" in overall length with approximately 3" of flexible blade.

### Shank

A2303S (7" overall length)  
This new tool has an offset installation tip for reaching behind gaskets while keeping your hands out of the way. It is 7" in overall length with approximately 3" of flexible blade. Made of lightweight, yet extremely durable plastic, it is great for tucking film behind tight door gaskets.

### Paddle

A224 (13.5" reach)  
The "Paddle" boasts a 3" wide beveled blade with 13 1/2" of reach for those tough rear window installs. Made from a durable hard plastic that is still slightly flexible for maximum water removal.

### Yellow Slammer

A2402Y (12" overall length)  
The Yellow Slammer can be used as an edge guide or as an installation tool. The handle provides increased leverage.

# TURBO SQUEEGEES

## Turbo Squeegees

Turbo Squeegees can be used for Window Tint, Paint Protection and Vinyl Applications. They are durable and help in removing the maximum amount of solution without damaging the material.

### Yellow Turbo

The Yellow Turbo is great for installing automotive window tint, paint protection films and vinyl applications.

### Yellow Turbo

A2218 (18.5" Blade)  
A2205 (5.5" Blade)  
A2203 (3.5" Blade)

### Red Baron Turbo

Medium durometer Turbo. Great for all films and types of applications.

### Red Baron Turbo

A2220R (18.5" Blade)  
A2206R (6" Blade)

### Orange Turbo

Slightly harder blade than the Yellow Turbo will help eliminate more water. Also works well on metallized and ceramic films.

### Orange Turbo

A2218OR (18.5" Blade)  
A2205OR (5.5" Blade)  
A2203OR (3.5" Blade)

### Yellow Basic Turbo

A2218B (18.5" Blade Without Handle)  
A2205B (5.5" Blade Without Handle)

The Basic Yellow Turbo is great for installing automotive window tint, paint protection films and vinyl applications. The "Basic" is not made with our "Original Formulation" nor do they come with the p.v.c. handle.

### Black Smoothee

Smoothees make the job easier. Give those windows the last cleaning with these squeegees and remove dirt, lint and residue. These should not be used as installation squeegees.

### Black Smoothee

A2228 (28" Blade with Handle)  
A2228H (Grey Handle)  
B228 (28" Blade without Handle)  
A2209 (9" Blade with Handle)  
A2204 (4" Blade with Handle)  
B204 (4" Blade without Handle)

# INSTALLATION TOOLS

### Quick Fix

A216 Platinum  
A217 White  
A218 Yellow

What do you get when you cross a BONDO with a DIAMOND TIP? You get the brand new "QUICK FIX". The two ribs across the middle make the card easier to grip so that you can force out more water. The angled design enables you to use the Quick Fix in tight fitting corners.

### Power Stroke

Ergonomically designed to fit your hand comfortably. Much like a "Turbo Squeegee", but has ribs at the top for improved gripping. It is 5.7" Wide.

### Blue Power Stroke

A2210BL

The Blue Power Stroke is the firmest (hardest) in the power stroke series.

### Red Power Stroke

A2210RD

The Red Power Stroke is the 3rd firmest in the power stroke series. (Which means, it is the 2nd softest in the series).

### White Power Stroke

A2210WHT

The White Power Stroke is the 2nd firmest in the series.

### Yellow Power Stroke

A2210YLW

The Yellow Power Stroke is the most flexible (softest) in the series.

## SQUEEGEE BLADES

### Fusion Squeegees A.K.A. "Orange Crush"

The Fusion squeegee, available in a 5" (B3703), 5" (B3703C) Cropped Blade or an 8" (B3704). They are very effective at eliminating water from under film. Use with A1400P or the new Fusion Handles A1400F5, A1400SF5 or A1400F8.

#### 5 Inch Fusion Blade

B3703

A 5" X 2", 93 Durometer squeegee blade with a beveled leading edge that works great for automotive installations as well as flat glass or safety film installs.

#### 8 Inch Fusion Blade

B3704

For your flat glass film projects. This 8" X 2" squeegee blade allows you to move much more water per blade stroke. 93 Durometer with a beveled leading edge. Use with A1400F8 Handle.

#### 5 Inch Cropped Fusion Blade

B3703C

A cropped blade which is a popular choice for maximum water removal from your automotive or flat glass installations. (5" X 2" with beveled leading edge)

### Fusion Squeegee Handles

#### 8 Inch Fusion Handle

A1400F8

#### 5 Inch Fusion Handle

A1400F5

#### 5 Inch Short Fusion Handle

A1400SF5

Fusion Handles are designed to easily accommodate squeegee blades such as the Orange Fusion 5" Blade, Blue Max, and Clear Max blades. Are you tired of bending, squeezing and forcing Blue Max blades into your Unger handles? Try a Fusion Squeegee Handle today!

### Performax Squeegee Handle

A1400P

The Performax Handle is a heavy duty squeegee handle that is designed to easily utilize thicker squeegee blades such as Blue Max, Clear Max and Orange Fusion. The end of the handle is threaded so that extensions can be screwed in for safety film installation requiring two hands.

## SQUEEGEE BLADES

#### 5 Inch Blue Max Blade

B3701

The Blue Max Squeegee Blade is a popular choice for water removal from your automotive or flat glass installations. 93 Durometer (5" X 2" with beveled leading edge).

#### 8 Inch Blue Max Blade

B3700

The Blue Max Squeegee Blade is now available in this 8" version. The 8" BLUE MAX is certain to become a flat glass tinter's favorite squeegee! 93 Durometer (8" X 2" with beveled leading edge) Use in the A1400F8.

#### 5 Inch Blue Max Blade (No Bevel)

B3701SN

BLUE MAX BLADE 5" x 1 3/8" Designed to remove more water on your thickest security film jobs. This non-beveled design provides longer squeegee life because you can flip the blade over, so you always have a smooth, un-nicked leading edge.

#### 5 Inch Cropped Blue Max Blade

B3701C

The Cropped Blue Max Squeegee Blade is a popular choice for maximum water removal from automotive or flat glass installations. (5" X 2" with beveled leading edge)

#### Blue Max Blade (No Bevel)

B3701N

Same Great Blue Max, but without the beveled edge. This design provides longer squeegee life because you can flip the blade over, so you always have a smooth, un-nicked leading edge.

#### 5 Inch Cropped Clear Max Blade

B3702C

The Cropped Clear Max Squeegee Blade is a popular choice for maximum water removal from automotive installations. (5" X 2" with beveled leading edge)

#### Clear Max Blade

B3702

Cousin of the popular Blue Max, the Clear Max Squeegee Blade is a slightly softer version (lower durometer).

## HANDLED SQUEEGEES & REPLACEMENT BLADES

### 120" Blue Max Roll

B195-120

Just what you always wanted...10 feet of Blue Max! Change yours often for best results.

### Blue Max Insert

B195-6 (6" Blue Max Insert)

B195-8 (8" Blue Max Insert)

B195-10 (10" Blue Max Insert)

B195-12 (12" Blue Max Insert)

### Power Replacement Blade

B192-6 (6" Blade for A2251-6)

B192-8 (8" Blade for A2251-6)

### Power Squeegee without angle

A2251-6 (6" Power Squeegee)

A2251-8 (8" Power Squeegee)

### Pro Blades with Channel

With a metal channel this blade is made to last. It is manufactured in popular sizes of 6", 10", 12" and 18" blades.

### Pro Blade with Channel

A1406 (6" Blade with Channel)

A1410 (10" Blade with Channel)

A1412 (12" Blade with Channel)

A1418 (18" Blade with Channel)

### Pro Replacement Blade

B200-6 (6" Pro Replacement Blade)

B200-10 (10" Pro Replacement Blade)

B200-12 (12" Pro Replacement Blade)

B200-18 (18" Pro Replacement Blade)

B200-42 (42" Pro Replacement Blade)

### Unger ErgoTec Handle

A1400E

The Unger ErgoTec Handle is designed for use with Unger metal channels, which then can be fitted with either Pro Replacement Blades for cleaning or Blue Max Inserts.

### Unger Pro Handle

A1400

The Unger Pro Handle is designed for use with Unger metal channels, which then can be fitted with either Pro Replacement Blades for cleaning or Blue Max Inserts.

### Pulex Handle

A1600

The Pulex Handle is designed for use with Pulex metal channels, which then can be fitted with either Pro Replacement Blades for cleaning or Blue Max Inserts.

## HANDLED SQUEEGEES

### Pulex Squeegee with Blue Max Blade

A1600B

Cropped Blue Max Squeegee Blade in the Stainless Steel Performax Handle. This Squeegee is a complete handle and blade "ready to go."

### Go Doctor Blue

A1990BL

B1990BL (Blue Replacement Blade)

The Go Doctor-Blue, features an "i-beam" handle construction which fits comfortably in your hand. This design provides greater efficiency and less fatigue. The go doctor blue uses the firmest blade in the go doctor series.

### Pulex Handle with Clear Max Blade

A1600C

Cropped Clear Max Squeegee Blade in the Stainless Steel Performax Handle. This Squeegee is a complete handle and blade "ready to go."

### Go Doctor Yellow

A1990BY

B1990BY (Yellow Replacement Blade)

The Go Doctor- Yellow, squeegee features an "i-beam" handle construction which fits comfortably in your hand. The go doctor yellow blade is the middle of the road as far as firmness in the go doctor series.

### The Stroke Doctor

A215

Long reach back window tool with "Flex Pressure" engineering. The Stroke Doctor is engineered to make difficult to reach installations much easier to master. Compare the Stroke Doctor to the Sideswiper... see for yourself the difference leverage makes.

### Go Doctor Red

A1990RD

B1990RD (Red Replacement Blade)

The Go Doctor-Red featuring an "i-beam" handle construction which fits comfortably in your hand. The go doctor red has the softest blade in the go doctor series.

## SHOP TOOLS

**GM Rear-View Mirror Remover**  
A2305E

For mirrors held on by spring clip. Place this tool under the bottom edge of the bracket where it attaches to the windshield and push the tool toward the glass. This motion will pry the mirror up and off of the bracket.

**Ford Rear-View Mirror Remover**  
A2306E

Remove mirrors from Ford products with ease. Simply slide the blade between the mirror bracket and the mirror. A gentle rocking motion with the tool, using upward pressure, will dislodge the mirror.

**Spring-Latch Rear-View Mirror Removal Tool For Fords And Honda**  
A2305FH

A small spring located inside the rearview mirror is pushed down as you slide the mirror onto the mirror button. Our removal tool compresses the spring so the mirror will slide off of the mirror button.

**Door Upholstery Remover**  
A1477

Place tool under the edge of the door upholstery panel, insert into the fastener as far as possible and simply pry up.

**Hook Pulling Tool**  
A2304

Essential tool for pulling rubber gaskets back into place on vehicle doors.

### Security Squeegees

Extra heavy-duty for installing thick security films and also for the newer high tech slow drying films. The squeegee handles are extendable (shown) for situations requiring reach or more leverage.

A1402 Thor's Hammer

A1403 Security Squeegee

A1404 Security Squeegee

**Motus D-Handle**  
A1400D

Make your Performax or Pro handle two-handed with this tool. Great for security film installations when extra leverage is needed.

## SHOP TOOLS

**Dotrix**  
A1003-162

Dotrix is a thin black vinyl that is specifically designed to bond to the matrix areas of rear windows without the "silvered" appearance when viewed from the outside. The roll is 16" wide x 50' long, so you should be able to cover the matrix areas on 15-20 cars.

### Black-Out Tape (150 ft.)

A2501 (.5" width)  
A2502 (1" width)  
A2508 (1.5" width)

Tint come up a bit short? Black-Out Tape can save the day!

**Gasket Wizard**  
A1478

Used to carefully pull back rub rails for easy film-to-glass installation below the rub rail.

### Film Markers

A2500WT (Wide Tip)  
A2500FT (Fine Tip)

Great helper for covering up small light gaps.

### White China Marker

A2500WH

Use this handy White China Marker for making templates on cars.

**The Edge**  
A2400E

Gasket tool for tinters on a budget. Handheld tool allows you to pull back gaskets for easier film installation.

### Gray Window Trim Tape

A2507

Water resistant masking tape. Apply on felt around auto windows for cleaner installations. Strong adhesive, but leaves no residue when removed.

**Window Switch Tape**

A1169 (1000 Count Roll)

Do you get tired of replacing side windows because of customer mistakes? This item is a must! Just place a reminder on each window switch to help your customers remember to let the film cure. One saved "Re-Do" pays for the whole roll!

**Felt Window Guide Tape**

A1171F (50' roll Black Felt Tape)  
A1171FG (50' roll Grey Felt Tape)

The Black Window Guide Tape prevents scratching of film from hard window guides. More and more manufacturers are using hard plastic guides against windows. These guides can scratch even the highest quality films. This black felt tape can be applied to guides to prevent scratching. The fully weatherable tape is great for long lasting protection.

**Red Window Film Tape (3/8" x 60')**

A1170

Allows you to re-tape rolls or pieces of film without worrying about leaving an adhesive residue. Also works well to assist in removing release liner from film.

**Door Edge Guard**

XPF-DEG

The Door Edge Guard is an 8 mil paint protection film designed to preserve the beauty and integrity of exterior automotive finishes. It is virtually invisible and is clear coated to make it resistant to yellowing and staining. Sold in rolls 3/8" x 120'. The average 2 door car uses approximately 6 feet of material, so one roll yields up to 20 cars!

**Become an Aquapel® Glass Treatment Installer**

Aquapel® Glass Treatment improves a driver's ability to see clearly and drive safer. Designed for professional application on windshields, side windows, rear windows, glass mirrors, or any other glass surface.

**Aquapel Applications**

**Aquapel Pro Kit**

98994 (24 applications)

**Aquapel Pre-Cleaner Towelettes**

98995

Properly clean glass assures a long lasting glass treatment.

**Aquapel Single Application**

98994R (shown packaged below)

Perfect for selling Aquapel to the do-it-yourself customer.

**Aquapel Sales Tools**

**Aquapel Sales Brochure (Pack of 25)**

5004

**Aquapel Demonstrational Shaker Bottle**

5018B

This simple demonstration tool will really help you promote your Aquapel sales.

A terrific add-on item that is easy to apply and keeps customers coming back for more.

Aquapel® Glass Treatment is a long-lasting glass treatment that:

- Remarkably improves vision in the rain
- Causes rain to bead up and roll right off
- Makes it easier to clear ice, snow and even dirt & bugs
- Reduces glare in the rain, especially at night
- Lasts for months in normal driving conditions

## SCRAPERS & BLADES

ED-385 (16"x28"x1")  
Provides comfort for all kneeling situations. Closed-cell foam is non-conductive, resistant to petroleum based substances, other chemicals and is silicone free. With a convenient handle.

## APPAREL

**13 Pocket Waist Apron**  
ED-5706

NEW 13 Pocket Apron is perfect for all of your tool storage needs. With a durable design and a quick release snap buckle system, the ED-5706 13 Pocket Apron will provide you with years of tool storage. This is the tool apron that installers have been asking for.

**Black Utility Waist Apron**  
A3115B

The black utility waist apron includes two large pouches in the front for tool storage along with loops on the end for hanging a spray bottle. This has been the basic entry level apron used for years...You owe it to yourself to check out the new ED-5706 13 pocket tool apron. The differences are amazing!!

**25 Pocket Tool Roll Up**  
ED-5870

The Ergodyne 5870 Tool Roll Up provides a quick and easy way to store your tools in one place. With 25 pockets and a carrying strap the Ergodyne 5870 Tool Roll Up will let you carry your tools with you wherever you choose to go.

**Mechanix Wear Fastfit Glove**

MW2008 (Small)  
MW2009 (Medium)  
MW2010 (Large)  
MW2011 (X - Large)  
MW2012 (XX - Large)

Easy to put on, comfortable to wear. Leather palm for a great grip on any tool. Multi-purpose glove ideal for handling any job around home, shop or auto. Great to wear when heat shrinking to protect your hands. Leather palm slides easily over film without any catches.

**Cellucap Shoe Covers (50 Pair)**  
B2601

Make a great first impression when quoting a job. These covers keep you from making a mess and let potential clients know you're a professional and will respect their homes.

# SPRAYERS & CLEANING TOOLS

## Performance Jet Sprayer

PJA (25 Gallon)  
 PJF (5 Gallon)  
 Get some real power with the Performance Jet sprayers. Two 25 foot hoses are attached to a 5 gallon shop size tank. Simply plug the unit in and you will have a nice spray all day long.

## Poly Shut-Off Valve

A1212 (needs A1212N-Fits 3/8" hose)  
 Polyethylene shut off valve assembly for use on any sprayer with a hose.

## Poly Shut-Off Nozzle

A1212N  
 Compression sprayer poly shut-off nozzle.

## In Line Filter for Sprayers with Hose

A1213  
 Filter that water! Use in-line with any pressurized sprayer with a hose. The cleaner the water the cleaner the install.

## 3 Gallon Sprayer Body Complete

B230  
 Very nice palm triggered sprayer body with filter. This quality trigger will fit most sprayers with a hose.

## Stainless Steel Pressurized Sprayer

Not Reconditioned  
 A1103 (New 3 Gallon Tank)  
 A1105 (New 5 Gallon Tank)  
 Reconditioned  
 A1105R (Refurbished 5 Gallon Tank)  
 Replacement Hose Assembly Complete with Nozzle for Stainless Steel Pressurized Sprayer  
 A1103H (15' Hose)  
 A1105H (25' Hose)  
 3 and 5 Gallon Stainless Steel Pressurized Sprayer Nozzle  
 A1105N (Fits 1/4" hose)

A1103

A1105

A1105R

# PUMPS & SPRAYERS

## Poly II Sprayer 2.5 liters

A1205  
 This is the first and still a great value!

## Performax 3 Gallon Pump Sprayer

A1208  
 This bottle has a 16' flexible "kink resistant" hose and utilizes the b230 adjustable fan nozzle.

## Impact 2 Qt Sprayer

A1211i (Complete Sprayer)  
 A1211iR (Rebuild Kit)  
 This bottle is winning over tinters daily. The great design and durability make this a winner.

## 32 oz. Spraymaster

A1307  
 Chemically Resistant Sprayer. 5-Yr Guarantee. This high output adjustable sprayer lasts longer than regular sprayers. The bottle has white boxes for easy labeling with a permanent marker. You'll want several of these in the shop!

## Sprayer Bottles Only

A1304 (16 oz. Bottle)  
 A1305 (32 oz. Bottle)

## Performax 48oz. Hand Sprayer

A1211  
 Lightweight economical pressurized sprayer.

## Spraymaster Spray Nozzle

A1307T (for A1304 & A1305)

## Wagner 48oz Pump up

A1206  
 WAGNER 1.5 Quart (48 Ounce) Hand Pump Sprayer Economical, light weight, and easy to use pressurized sprayer with adjustable brass nozzle.

## Trigger Sprayer Head

B406T (for A1304 & A1305)  
 A larger, ergonomic trigger..

## CLEANING TOOLS

TOP PICK !

### Blue Scrub Pad (Glass Safe)

B171B (3" x 5")  
More aggressive than white, but still glass safe.

### White Scrub Pad (Glass Safe)

B171W

### White Scrub Pad (Glass Safe)

B171T

Thicker than white pad shown above.

### Red Scrub Pad\*

B171R

Very coarse pad for Dot Matrix prep ONLY!

\*Will scratch glass.

### Grey Scub Pad\*

B171G

Very coarse pad for Dot Matrix prep ONLY!

\*Will scratch glass.

### Nylon Cleaning Sponge

B171

Scrub pad on one side and sponge on the other.

### Basic White Scrub Pad

B171WB

The Basic White Scrub pad is REALLY a tinters best friend. These pads are a generic version of our B171W scrub pads. These Basic pads are cheaper, but still safe on glass and work great for scrubbing the glass clean of dirt and debris before starting your tint job.

### Basic Thick White Scrub Pad

B171TB

The Basic Thick White Scrub Pads are made of basically the same material as the White Scotch-Brite B171T. These Basic thicker scrub pads are cheaper, but still safe on glass and work great!

### The Scrubber

B176

Works great for cleaning rear deck area and other hard to reach areas. Works with a trimmed down White Scrub Pad, B171W.

## CLEANING TOOLS

### Super Prep Towel

B184

A great high quality paper towel for window film installations. These towels are very absorbent and practically lint free. You will be amazed at how durable these towels are; tough enough to reuse yet still soft enough to be the perfect choice for cleaning windows. Also, use these Super Prep Towels for covering hard cards when you bump your edges dry.

### Low Lint Continuous Roll Paper Towels

B183

Try these economy paper towels instead of the "lincy" grocery store paper towels. These are VIRTUALLY LINT FREE, so they are great for use when tinting or detailing. You can use them from a dispenser as a center pull or just unroll from the outer edge. These paper towels are so good, you will probably start bringing them home from work to use around the house.

TOP PICK !

### Washable Paper Towels

B182

These towels are incredible. They are lint free and clean windows to a streak free finish. Best of all, you can wash and line dry them and re-use them up to 50 times! Save money and achieve a cleaner, lint free installation with these economical towels.

(Must be pre-washed & line dried)

### Chore Boy Copper Scrub Pad\*

CM24

For Dot Matrix prep ONLY!

\*Will scratch glass

*Have fun in your garage!®*

**3" Random Orbital**

GG-10685

Now it's easy to remove swirl marks in small, tight areas where you used to have to do it by hand. Bumpers, mirror housings, windshield wiper cowlings, A, B & C-pillars, spoilers, the valence area around your license plate... plus all of the tight areas that our 6" Orbital just can't reach.

**6" Random Orbital**

GG-10750

My life's work has gone into developing a random orbital machine polishing system that is safe for your paint and easy for you to achieve flawless results with minimal work. A 850 watt motor with low-end torque for low speed polishing for better results.

**Window Cleaner Set**

GG-90247

The long, comfortable gripping handle allows you to maneuver into even the tightest of areas. You could even add an extension pole.

**Speed Shine Microfiber Cloths**

GG-11231 (Set of 3)

The nap is plush and ultra-thick to cushion your paint and hold foreign objects deep in the nap so they're not dragged across your paint. They are also highly absorbent which aids in buffing out the Speed Shine®.

**Microfiber Polish Removal Cloths**

GG-11115 (Set of 3)

With these 16" x 16" Micro Fiber Polish Removal Cloths the non-abrasive, wedge shaped micro fibers, lift and trap polish; getting the used polish away from the paint.

**Microfiber Wax Removal Cloths**

GG-11116 (Set of 3)

The non-abrasive, wedge shaped micro fibers, lift and hold onto wax better than cotton and are lint-free. I've noticed it's capable of holding more wax on the cloth, which means you'll be turning over your cloth less often.

**Speed Shine**

GG-11146 (35 Ounce)

A fast, safe way to keep any painted surface clean and brilliant. A perfect between-washes cleaner for your vehicles. A quick mist and light toweling removes dust and other foreign residue and leaves behind a brilliant surface.

**Spray on Wax**

GG-11098 (35 Ounce)

When used on a regular basis after each wash, you will be able to extend the life of your natural waxes and paint sealants. Apply it right after you've washed and rinsed your car. Just spray on and wipe off as you're towel drying your car.

**Best of Show Wax**

GG-11171 (16 Ounce)

A non-silicone, carnauba-based liquid wax that produces incredible color, depth, and clarity with just one application.

**Paint Sealant**

GG-11088 (16 Ounce)

Provides all the protection you need, yet still provides a high gloss finish that you only have to apply once a year.

**Carnauba Wax Stick**

GG-11085 (3.5 Ounce)

Carnauba Paste Wax In A Convenient To Use Dispenser! The Highest Grade Carnauba Wax Available For Months Of Protection & A Deep, Wet-Look Shine.

**One Step Sealant**

GG-11075 (16 Ounce)

All the benefits of our Paint Sealant with gentle polishes added to remove scratches, oxidation and swirl marks while protecting your paint for up to one year. Think of it as Paint Sealant with Machine 3 added for a true One-Step Sealant!

## GRIOT'S GARAGE® CAR CARE PRODUCTS

### Car Wash

GG-11102 (16 Ounce)

The Most Important Step In Car Care Is A Proper Cleaning. This is the MOST important step for paint preservation, yet many people overlook this crucial element when caring for their finish.

### Window Cleaner

GG-11108 (35 Ounce)

Perfectly clean, haze-free glass. A simple thing that makes driving safe and fun, but not always easy to achieve. Perfectly clean windows also allow your windows to "defrost" much quicker.

### Wheel Cleaner

GG-11106 (35 Ounce)

This wheel cleaner is made from premium biodegradable ingredients and is safe for all types of wheels.

### Engine Cleaner

GG-11156 (35 Ounce)

Spray it on, agitate heavily soiled areas, and then hose it off. Your engine, wiring harnesses, aluminium and painted engine parts will look bright and clean again.

### Engine Bay Dressing

GG-20244 (12.5 Ounce)

A surface enhancer and protectant for all materials and finishes inside your engine compartment. A single application restores the color and shine to a factory finish.

### Glass Polish

GG-11063 (8 Ounce)

Remove water spots & calcium deposits with Glass Polish and see what you've been missing!

### Rubber Cleaner

GG-11136 (35 Ounce)

Removes old silicone, waxes, & dead rubber from the surface and properly prepares your rubber for the use of protectants.

### Machine Polish

GG-11161 Machine Polish 1 (16 Ounce)

GG-11162 Machine Polish 2 (16 Ounce)

GG-11163 Machine Polish 3 (16 Ounce)

GG-11191 Machine Polish 4 (16 Ounce)

Created specifically for a random orbital machine where the friction and temperature on the paint is almost non-existent. Our polishing granules are engineered to break down under light pressure, getting smaller and smaller as you use the polish. They are designed to be safe and effective at removing swirl marks and scratches from all painted surfaces.

### Paint Cleaning Clay

GG-11153 (8 Ounce)

Paint Cleaning Clay leaves behind an ultra-smooth surface that will make your wax adhere better and last longer, too. It also makes the wax much easier to buff out.

### Micro Fiber & Foam Pad Cleaner

GG-11078 (35 Ounce)

Increase the life & revitalize your micro fiber cloths & foam pads with this powerful cleaner.

### Undercarriage Spray

GG-11138 (35 Ounce)

A fast and easy way to keep messy wheel wells looking like they are brand new. Undercarriage Spray can hide dirty spots and discoloration between black parts, and enhance many chassis items.

**NOTE** Chemicals and aerosols may have shipping restrictions. Please call for details.

## GRIOT'S GARAGE® CAR CARE PRODUCTS

### Interior Cleaner

GG-11104 (35 Ounce)

There is no other interior cleaner like it in the world. Interior Cleaner has no dyes or other chemicals that could alter the color of the surface you are cleaning. Will not remove dyes. Oil, dirt and countless other products lift right up.

### Bug Off

GG-12980 (35 Ounce)

Apply Bug Off to the front surfaces of your vehicle to form a protective layer that makes the dreaded bug jerky wash off easy during your next wash cycle.

### Vinyl & Rubber Dressing

GG-11169 (35 Ounce)

This is the product you've been looking for, for tires that will pass the scrutiny of any concours judge. It is superior when judged against all other rubber protectants.

### Carpet Cleaner

GG-11270 (35 Ounce)

Removes oil, grease, dirt, blood, wine, coffee & most substances that stain or get your automobile or home carpet dirty.

### Spray-On Car Wash

GG-11065 (35 Ounce)

Safely clean your car without water or a bucket! Squirt on spray-on car wash and gently wipe off to a deep shine. Spray-on car wash clings to the side panels of your vehicle and breaks up the road grime quickly.

### Long Lasting Tire Dressing

GG-11200 (8 Ounce)

Finally a long-lasting tire dressing that let's you decide the finish: high gloss or satin? Long-Lasting Tire Dressing is water repellent so it still looks great even after a rain storm or a good wheel cleaning.

### Fabric Protector

GG-11219 (10 Ounce)

Fabric Protector is the ultimate choice for stain protection. It works by deeply penetrating the molecules of the outer canvas on your convertible top and encapsulating them. Will protect your top from soiling and from permanent stains.

### Plastic Polish

GG-11186 (8 Ounce)

Restore scratched plastic to its original brilliance. Perfect on tail lights, headlight covers, instrument gauges, and convertible top windows.

### Plastic Cleaner

GG-11185 (8 Ounce)

Restore scratched plastic to its original brilliance. Perfect on tail lights, headlight covers, instrument gauges, and convertible top windows. Most of today's interior trim is also plastic. Ideal for motorcycle windshields and turn signals too.

### Leather Rejuvenator

GG-11141 (8 Ounce)

Leather hides that have been neglected for years can still be saved with Leather Rejuvenator. Leather Rejuvenator contains natural penetrating oils that nourish deep fibers, restoring your leather's suppleness.

### Leather Care Spray

GG-11082 (35 Ounce)

Easy to use for a quick clean and nourishment. Just spray some onto your cloth, wipe on, wait a minute and wipe off.

### Leather Care

GG-11142 (16 Ounce)

A highly concentrated liquid that penetrates deep to replenish the natural oils of your leather fibers. Easy to use and essential for long, supple life of your fine leather.

# PROFESSIONAL CHEMICALS

**Slip Up Concentrate**  
M2756 (1 gallon)  
Cleaning and installation are a snap with this slip agent.

**Plexus Polish**  
M2740 (7 ounce)  
M2741 (13 ounce)  
Anti-static plastic polish. Safe for all window films. Leaves behind a protective sheen on any plastic surface.

**Film-On Concentrate**  
M1135 (1 quart)  
Concentrated pure mounting solution designed specifically for film. Will not degrade adhesive like citrus base liquid soaps.

**Rapid Clear**  
M2737 (32 ounce)  
Silicone polish safe for window film and leaves it looking brand new.

**Dirt-Off w/X-100 Concentrate**  
M1133 (1 quart)  
Concentrated cleaning solution used before film application. Mounting solution for CDF adhesive films (excluding bronze & Low-E)

**Silicone Polish**  
M2750 (1 gallon)  
Window film safe silicone polish.

**X-100 Concentrate**  
M2715 (1 gallon)  
Slip agent for CDF adhesive films (excluding bronze & Low-E)

**Hi-Sheen Cleaner**  
M27450 (19 ounce)  
Safe, all-purpose glass cleaner and effective adhesive remover. NOTE: Do not use this to clean tinted windows!

**NOTE** Chemicals and aerosols may have shipping restrictions. Please call for details.

# PROFESSIONAL CHEMICALS

**Rapid Remover**  
M2738 (32 ounce)  
M2734 (1 gallon)  
Rapid Remover is a fast acting adhesive remover that works in 60 seconds and requires no scraping.

**Simple Pink Adhesive Remover**  
M2725 (1 gallon)  
Popular, pink adhesive remover. Effective for most adhesive removal situations.

**General Purpose Adhesive Remover**  
M2749 (15 ounces)  
This product works great to remove window film and paint protection adhesive. Safe for use on factory finish automotive paint.

**Tint-Off**  
M2751 (1 quart)  
Safe, non-toxic window film remover.

**Rapid Tac II**  
M2736 (30 ounce)  
Adhesive promoter designed to help film lay down on dot matrix. Also works great on vinyl.

**Matrix Magic**  
M2739  
This easy to use adhesive will give you a bit more stick on dot matrix. Fills in gaps left between dots and film.

**VHT Nite Shades**  
M2755  
VHT Nite Shades is a unique transparent black taillight lens coating for creating that custom European styling. When applied to taillights, fog lights or turning indicators, VHT Nite Shades appears black until they are lit, then the natural red reappears. Customize lenses for only a fraction of the cost of expensive conversion kits. VHT Nite Shades should be dry to the touch in about an hour and completely dry overnight.

See more Aquapel details on page 27

**Aquapel Single Application**  
98994R  
Perfect for sale to the do-it-yourself customer.

**Dot Devil**  
M2757 (1 quart)  
Cleaning agent formulated to chemically soften matrix areas to aid in preparation of film

## PROFESSIONAL CHEMICALS

### Performax Glass Cleaner

M2748 (19 ounce)

Ammonia-free foaming glass cleaner for shop use or retail. Safe for all window films.

### AppGel

XPF-GEL

AppGel is specifically engineered to aid in the installation of automotive paint protection films. Allows the film to "float" on the surface of the paint.

### Custom Glass Cleaner Program

(20 Cases)  
(240 Cans)

M2747 (19 ounce)

Our Custom Label Glass Cleaner Program lets you put your name on the can and money in your wallet! Show your professionalism by offering your customers this high quality window tint safe glass cleaner. Your company name & logo can be in the hands of every one of your customers.

Minimum order 20 cases of 12 (240 cans total).\*

#### Great add-on sales –

Tell your customers this is what they need to use to clean their tinted windows safely. Double or triple your money on every can.

#### Super giveaway item –

Instead of dropping your prices, offer a can for free (\$5.99 value) with every job or upgrade.

#### Repeat customers –

A reason for your customers to come back to your shop.

#### Your new business card –

Give good prospects a can instead of a business card. People are more likely to keep something that they can use and do business with someone who gives them something for free!

Typical lead time on the first order is 3-4 weeks. Subsequent orders ship in approximately 10 days. Please call for details.

\* This product is available in smaller quantities by ordering the Performax glass cleaner (part # M2748).

PLEASE NOTE: This product is only permitted to be shipped via ground services only.

## CUTTING MACHINES

### Filmhandler

Minimize waste and save time on all of your flat glass installations with the original Filmhandler.

F101-72 (72" Filmhandler)

F101-60 (60" Filmhandler)

\*Oversized Item, Additional Shipping Chargers

May Apply

F101-61 (Repair Kit)

These are the most often repaired parts including:

- 2 Plastic Washers
- 2 Springs
- Adjuster Knobs
- 1 Break Screw

### Filmhandler - Check out what's HOT!

F101-28 (3" Roller Assembly Pair)

F101-33 (3" Cutter Shim - 1/8" Shim Each)

F101-32 (3" Cutter Shim - 1/4" Shim Each)

F101-30 (6" Roller Assembly Pair)

F101-35 (6" Cutter Shim - 1/8" Shim Each)

F101-34 (6" Cutter Shim - 1/4" Shim Each)

F101-29 (Blade Holder)

F101-27 (Cutter Head Assembly)

F101-26 (Cutter Blades - 20 Blades)  
Shipping Charges May Apply

### Ceramic Safety Film Cutter

A601

Used for pre-cutting heavy gauge safety films along a cutting-table edge. V-notch ceramic blades cut film perfectly, rapidly in both directions, with no edge burrs or flaws.

### Box Mounted Film Slitter

A0104

Make any film box into an economic film cutter.

### Border Edge Cutter

A1909-16 (1/16" Border Edge Cutter)

A1909-8 (1/8" Border Edge Cutter)

Use with a 1" razor blade to slide across the top of side glass to provide a professional micro-edge. Choose 1/8" or 1/16" micro edge.

## CLEAN CUT BOX SLITTER® & PARTS

Clean Cut Box Slitter Tray  
CCBT

This is the clean cut box tray. It was designed to get the film up off the floor and it also holds the box when you pull your film out. The box tray is really easy to set up.

1. Place the tray on the top of the ladder to locate where the mounting hole will be.
2. Drill out the mounting hole in the top of the ladder.
3. Use eyeball bolt. (Not included) set the two nuts at the stop distance on the eyeball bolt. Tighten until the top of the bolt pops through the mounting hole.
4. Place the box with the clean cut bar facing you. You are now ready to pull film.

- Clean Cut Box Slitter
- CCHA (Cutter Head Assembly)
  - CC36 (36" cut-off bar)
  - CC48 (48" cut-off bar)
  - CC60 (60" cut-off bar)
  - CC72 (72" cut-off bar)

Ruler Bars

Cutter Head Replacement Blades  
CCHRB (5 blades)

Now you have a basic alternative to an expensive and heavy film handler. **Each item is sold separately so you can choose your desired length of cutoff bar and the number of cutter head assemblies required.**

## MEASURING & TEMPLATE TOOLS

17" Windshield Wizard Template  
A1810WW (Clear Plastic Template)

8" Circle Template  
A1810 (8" Circle Template)

12" Circle Template  
A1810L (12" Circle Template)

72" Straight Edge Ruler\*  
A1872

60" Straight Edge Ruler\*  
a1860

48" Straight Edge Ruler  
a1848

36" Straight Edge Ruler  
a1836

\* Oversized Item, Additional Shipping Charges May Apply

24" Curved Ruler  
a1817

Make smooth, curved cuts along film during the pre-trim or finishing phases of installations.

## METERS & MEASURING TOOLS

**Digital BTU Solar Power Meter**  
MTR-SP1065

Use modern-day technology in your sales presentation by implementing our digital BTU Solar Power Meter. Solar energy from the sun enters your home through your windows and increases the temperature of the air and furnishings inside your home. Impress your customer by showing them how well your product can reduce the amount of solar energy that will enter their home. When used with our Glass & Film Sales Demonstration Lamp, you can perform effective demonstrations indoors in front of your customer. High performance window films are extremely dynamic in this demonstration!

**Solar Power & Transmission Meter**  
MTR-SP2065

A powerful sales aid for demonstrating the solar performance of windows and film. The Solar Power & Transmission Meter offers all of the benefits of the Solar Power Meter, but the big advantage is the ability to measure actual Solar transmission Percentages. Solar Transmission Percentages are an extremely simple concept for your customers to understand; no need to get caught up in the difficult explanation of what is a BTU. This meter can work directly with the sun or an artificial source Glass & Film Sales Demonstration Lamp. The Solar Power & Transmission Meter allows you to effectively sell your products' performance through live demonstrations. Use this meter to sell your customers up to your high-end products.

**UV Transmission Meter**  
MTR-UV1265

The UV Transmission Meter is a great alternative to our UV Transmission and Power Meter, this Meter is designed specifically for sales demonstrations. The design is very simple to operate and offers a considerably lower cost alternative. Demonstrate to your customers how well your product blocks the damaging UV rays of the sun. Window film offers tremendous UV blocking capabilities, and provides for an amazing demonstration. When used with the UV Demonstration Lamp, you can conduct simple sales presentations safely indoors in front of your customer. A simple approach to promote a significant feature.

**UV Transmission & Power Meter**  
MTR-UV1365

The UV Transmission Meter is a great alternative to our UV Transmission & Power Meter, this Meter is designed for sales demonstrations. The design is very simple to operate and offers a considerably lower cost alternative. Demonstrate to your customers how well your product blocks the damaging UV rays of the sun. When used with the UV Demonstration Lamp, you can conduct simple sales presentations safely indoors in front of your customer. A simple approach to promote a significant feature.

## METERS & MEASURING TOOLS

**Visible Light Transmission & Power Meter**  
VP1165

Checking the tint of your window or film has never been easier. The Visible Light Transmission & Power Meter can spice up your sales presentations by illustrating the tinting performance of your products. This portable meter measures the true visible light transmission (VLT) of your window or film, and is useful for tinted glass, coatings, film, or automotive applications. Show your customer how your film can reduce unwanted glare and fading that is caused by visible light.

**ETEKT + Low E Coating Detector**  
AE1601

Identify Low E windows in the field or factory quickly! The MTR-AE1601 is the industry standard for detecting the invisible Low E coatings sealed inside windows as well as on single pieces of glass. The meter will identify if a coating exists on surface 1, 2 or 3, and also identify windows with no Low E coatings (clear glass). As with most of our handheld meters, this rugged device is powered by a 9 volt alkaline battery (included) and is totally portable. Reduce the amount of time your field service personnel spend in the field trying to determine if the Low E coating is there.

**MIG Manual IG Thickness Gauge**  
MG1500

Another great product for measuring the thickness of glass and air spaces of assembled and installed windows. The MG1500 uses the laser reflections from the surface of a window to display the thickness measurements on a graduated scale. This gauge is particularly handy for measuring triple-glazed windows and laminated glass. With a little training, the MG1500 can even be used to determine the presence of reflective coatings such as soft-coat Low E, mirrored surfaces, and even self-clean coatings. This product is a great value.

## METERS & MEASURING TOOLS

### Bring your window film's performance to life!

Perform with winning sales demonstrations. Use this kit to highlight the greatest two selling points for window film: rejecting the solar energy of the sun and blocking the damaging UV rays. Show your customer the performance numbers they can understand. Our non-contact surface temperature meters (#RAYMT4) make a great addition to your sales kit. The instruments and techniques used in your sales pitch speak volumes about the end-product you are selling.

### Two Great Options

#### Solar / UV Meter Kits

##### Solar / UV Meter Kits

MTR-SK1230 (Soft-shell carrying case)

- SP2065 Solar Transmission Meter
- HL1040 Infrared Heat Lamp Assembly
- UV1265 UV Transmission Meter
- UV1390 UV Demonstration Lamp

##### Solar / UV Meter Kits

MTR-SK1230+ (Soft-shell carrying case)

- SP2065 Solar Transmission Meter
- HL1040 Infrared Heat Lamp Assembly
- UV1265 UV Transmission Meter
- UV1390 UV Demonstration Lamp
- GS1331 Glass & IG Sample Set
- RAYMT4 Non-contact Thermometer
- AE1600 Low E Coating Detector

#### Soft-Shell Case

MTR-CC1231

This empty case is available so you can put together your own personalized sales kit.

#### ThermoHawk 200

MTR-Q31-TH200

An inexpensive way to measure surface temperature during a sales presentation. This is easy to use and will help you close more sales.

## METERS & MEASURING TOOLS

#### Spectrum Detective

MTR-SD2400

The Spectrum Detective is able to simultaneously display UV, Visible and Infrared transmission values. There are no additional light sources or power cords necessary, and no adjustments to make with this self contained unit. Just slide the glass sample into the opening and watch as the results appear on the display.

#### Beamsplitter Pro Energy Transmission Meter

MTR-PR3400

Beamsplitter Pro, Energy Transmission Meter is able to simultaneously display UV, Visible and Infrared transmission values. Simply plug in the power cord and slide the glass sample into the opening and watch the resulting performance data appear on the display. Perform live demonstrations of the performance of your Energy Efficient window film products.

#### PR3400 Accessory Beamsplitter Pro powercord extension

MTR-PR3420

#### Spectrum Detective Sales Kit

MTR-SK1530

- SD2400 Energy Transmission Meter
- GSI 331 Glass & IG Sample Kit
- Soft-Shell Black Canvas Carrying Case

#### Spectrum Detective Premier Sales Kit

MTR-SK1540

- SD2400 Energy Transmission Meter
- RAYMT4 Temperature Gun with Laser Pointer
- HL 1040 Infrared Heat Lamp
- GSI 331 Glass & IG Sample Kit
- Soft-Shell Black Canvas Carrying Case

### Raytek Non-Contact Thermometer(s) L1340 (with laser)

Our Digital Non-contact Thermometers offer a simple method for illustrating the need for your high performance window films. For in-home demonstrations, you can measure the extreme temperature of furnishings near a window to illustrate the poor performance of their windows without film. This is an extremely convincing sales tool. The RAYMT4 includes a laser pointer to better illustrate the exact surface location being tested.

### Non Contact Thermometer w/ Laser Pointer MTR-MT-1575

For in-home demonstrations, you can measure the extreme temperature of furnishings near a window to illustrate the poor performance of their windows without film. This is an extremely effective and convincing sales tool. Easily switches to display in either Celsius or Fahrenheit. Includes a laser pointer to better illustrate the exact surface location being tested.

### Tint Meter Model 100 LL100

Measures light transmission on roll-down windows. Just slide the meter over the top of the window for the tint percentage. Easy to operate and very accurate with auto on/off switch.

### Tint Meter Model 200 LL200

Measures light transmission on any window. Two piece design with suction cups to hold meter in place so that even the back window can be easily tested.

### Glass-Chek Pro GC3000

The Glass-Chek PRO has a number of advantages over previous models. New and improved features include:

- Triple Pane Thickness Measurement: Measure glass, air space and overall IG thickness of triple pane windows - all at the single push of a button.
- Full Low-E Detection Capabilities: The Glass-Chek PRO is a fully equipped Low-E coating detector capable of locating a Low E coating on a double pane window from a single side.

### Strengthened Glass Detector w/ Thickness SG2700

The Strengthened Glass Detector will alert you when the glass has been strengthened. It can detect on single or multiple panes of glass. The unit is powered by a 9-volt battery and has a helpful auto power down feature.

### UV Demonstration Lamp UV1390

Offering the perfect compliment to our UV Transmission Meters, the UV Demonstration Lamp allows you to conduct DYNAMIC sales presentations indoors in front of your customers. UV energy levels inside many homes are not sufficient to conduct convincing demonstrations, unless you are operating next to a window on a bright sunny day. The compact design of this UV Demonstration Lamp allows you to conveniently set up presentations in any environment. The lamp is battery operated (4AA-included) and outputs true UV energy centered at 365nm.

### Glass & IG Sample Set GS1331

Help illustrate the benefits of your window film. The Set includes a total of -6- samples: -2- Clear Single Panes of Glass, -2- Clear IG Windows and -2- Low E IG Windows. The glass standards can be used to illustrate solar & UV transmission performance. Perform effective before-and-after demonstrations LIVE in front of your customer.

### Film Demonstration Lamp HL1040 (Lamp and Bulb) HL1045 (Replacement Bulb)

Plexus® was developed for use in the aviation industry specifically, for cleaning and protecting aircraft windshields and painted surfaces. As plexus became more and more popular, people quickly discovered it could be used on a limitless variety of plastic surfaces. Since then, Plexus has continued to grow in popularity, and today it is recognized as the most effective plastic cleaner, protectant and polisher on the market.

Plexus protects plastic more effectively than ordinary cleaners. Because Plexus seals the pores in plastic surfaces with a micro-thin layer of shiny, protective wax, plastic becomes resistant to debris, oil, scratches, and eventual yellowing. And its anti-static properties repel dust and lint.

Since new plastic is most vulnerable to contaminants and damage, using Plexus early on can help in the long-term protection and maintenance of plastic. Plexus gives you a cleaner, more lustrous finish than ordinary cleaners. Plexus leaves no smears and no smudges. Instead, the finish it leaves is shiny, brilliant, and clear like no other. Plexus makes colored plastics vibrant, makes clear plastic virtually transparent, and leaves plastic paints gleaming like new.

### Where Can I Use Plexus?

Around your house try using Plexus on your countertops and appliances. Keep your refrigerator, dishwasher, ovens, even your microwave shinier and cleaner. **Anyplace that might contain plastic, use Plexus!**

On your car, motorcycle and boat there are literally dozens of places to use Plexus. Use it on your vinyl windows, hatch covers, mirrors, laminated surfaces... just about any place you would normally use window cleaner.

**Plexus Polish**  
M2740 (7 OZ.)  
M2741 (13 OZ.)

**Window Cleaner Set**  
GG-90247

The long, comfortable gripping handle allows you to maneuver into even the tightest of areas. You could even add an extension pole.

**Super Prep Towel**  
B184

A great high quality paper towel for window film installations. These towels are very absorbent and practically lint free. You will be amazed at how durable these towels are; tough enough to reuse yet still soft enough to be the perfect choice for cleaning windows.

**Low Lint Continuous Roll Paper Towels**  
B183

Try these economy paper towels instead of the "linty" grocery store paper towels. These are VIRTUALLY LINT FREE, so they are great for use when tinting or detailing. You can use them from a dispenser as a center pull or just unroll from the outer edge.

**Washable Paper Towels**  
B182

These towels are incredible. They are lint free and clean windows to a streak free finish. Best of all, you can wash and line dry them and re-use them up to 50 times! Save money and achieve a cleaner, lint free installation with these economical towels. (Must be pre-washed & line dried)

**Speed Shine Microfiber Cloths**  
GG-11231 (Set of 3)

Ultra-thick to cushion your paint and hold foreign objects deep in the nap so they're not dragged across your paint. They are also highly absorbent which aids in buffing out the Speed Shine®.

**Microfiber Polish Removal Cloths**  
GG-11115 (Set of 3)

With these 16" x 16" Micro Fiber Polish Removal Cloths the non-abrasive, wedge shaped micro fibers, lift and trap polish; getting the used polish away from the paint.

**Microfiber Wax Removal Cloths**  
GG-11116 (Set of 3)

The non-abrasive, wedge shaped micro fibers, lift and hold onto wax better than cotton and are lint-free. Capable of holding more wax, so you'll turn your cloth less often.

## SHOP FAVORITES • HEAT GUNS & CUTTERS

**Equalizer Heatwave Heat Gun**  
A2901

The Equalizer Heatwave Heat Gun is compact, lightweight, easy to use heat gun is perfect for shrinking back windows. With temperature settings of 570° F and 1050° F, your work will be done in no time.

**Wagner HT3500 Digital Heat Gun**  
A2901

- 12 temperature settings from 250° - 1350° F for consistent results and performance
- Ergonomic handle for a comfortable grip and reduced fatigue
- Two fan speeds for optimum air flow control
- A cool-down and automatic shut-off setting to improve tool life
- Power: 1500 Watts / 5100 BTUs

TOP PICK !

**Heavy Duty Triple-Tap**  
A2902

The Retract-o-Matic Electric Cord Reel for 30ft, 14 gauge cord ensures you are never tripping over cords in the garage.

**Handy Mans OVE Glove**  
B2603 (One Glove)

The Handy Man's Ove Glove is a must have for heat shrinking. It withstands temperatures of up to 540F. It's woven with Nomex and Kevlar with an 80% cotton liner. This one-size fits all glove can be worn on either hand.

**Kevlar Heat Forming Gloves**  
B2602 (Pair of Gloves)

Kevlar Heat Forming Gloves (Pair)  
For tinters that don't like to fry their hands with a heat gun while shrinking back windows.

**Defroster Repair Kit\***  
A4002

Quickly and easily repair damaged defroster lines with this one use kit. A must have for any auto tinter. \*Note this item can't be shipped internationally

Package includes (2) precision blades, (1) chisel blade and (1) curved carving blade.

**GUARANTEED FOREVER!**

**4" Black Smoothee without Handle**

B204

**NOTE**

**We have Tint and Paint Protection installation training. Call for details.**

## We Provide Top of the Line Paint Protection and Headlamp Products

Our paint protection offers superior value and high quality in today's confusing market. Couple a huge selection of high quality patterns with what we consider the best paint protection film in the world and a terrific warranty, you have a winning combination that can't be matched by any of our competitors!

### Protection Products

Protect the leading edge of your customers' vehicles from rocks, gravel, salt or insects through the application of a thin and virtually invisible urethane film. This durable material has been used successfully for years by the military, various auto manufacturers, and NASCAR race teams in rock chip prone areas with incredible results. Products can be computer cut to ensure rapid and damage free installation.

### Universal Headlight Kits

With the rising cost of replacement head lamps and fog lamps, it is nice to know that there is a product available to protect your car against the perils of the open road. Our Light Protection Products are made from a proprietary, scratch-resistant, urethane material coupled with strong optically clear adhesive. Designed for maximum durability, our light covers were originally tested under the harshest of circumstances with amazing results.

### Door Edge Protection

Protect the door edges of your customers vehicles from chips and scratches with a protective strip. With easy to apply custom kits available in a variety of lengths, we have the right package available whether you have one, two or 100 cars to protect. If you have other areas you would like to protect, you can also order bulk material by the foot.

## Paint Protection Installation Tips

### Reduce Your Learning Curve

Be sure to overlap strokes to avoid trapping air or solution under the material. Bubbles tend to form most often at curves and contours, so pay special attention in these areas.

Don't be afraid to stretch the material. The plastic is very resilient and can be stretched extensively without harming the kit. This stretching is imperative for proper fit, as our kits are designed to be stretched to reduce the amount of excess material near the edges of contoured surfaces.

The material may be gently pulled back up in areas if necessary to reposition the kit, or if you find that you have trapped dirt or air or an excessive amount of solution trapped under the material, as over time the solution will evaporate, making the spot unnoticeable. However, air must be removed.

Any attempt to pull the material back up must be done within 10 minutes of application, or excessive stretching will occur; check the kit often for bubbles. If you accidentally stretch the material too far, you may end up with the kit overlapping the edges of the panel.

If you are uncertain about any part of the installation, please contact us.

### Installation Tools

Everything you need for a perfect installation is available in this catalog, or on our web site at [44Tools.com](http://44Tools.com)
